A REMINDER ABOUT SNOW REMOVAL

Dear Homeowner(s),

As temperatures continue to drop and winter approaches, snow is looming on the horizon. The Board of Directors for Plum Creek Village Condominium Association wants to inform you that they are prepared for the impending snow and have contracted Coyote Mowing to plow the parking lot this winter. Please help to facilitate snow removal by clearing your car of snow prior to the plow coming through and/or moving your vehicle so that the parking space can be cleared.

Additionally, the Board of Directors would like to remind Homeowners that they are responsible for snow removal of the sidewalk extending to either side of and leading to their unit. Please clear a path that is at least 30" wide. It is also recommended to lay down salt before any significant winter weather events to avoid slips, falls, and other dangers.

If you have any questions or concerns, please contact Ryn Miller at ryn.miller@yorkhgproperties.com or 717-889-0515, Ext. 200.

Sincerely,

York H-G Properties, LLC
