

STONEHEDGE II CONDOMINIUM ASSOCIATION

CHART OF MAINTENANCE RESPONSIBILITIES

This chart and the titles and headings used herein are not intended to describe or encompass every maintenance function or to delineate all respective responsibilities between the Unit Owners, severally, and the Association. The placement of responsibility under any specific column does not necessarily coincide with the actual ownership of the component. The appropriate sections of the Declaration determine ownership. In many cases, maintenance responsibility is allocated to the Association to ensure consistency, uniformity and quality of repair, and to protect community health and safety. Where such maintenance is required due to the negligent or wrongful act or omission of a Unit Owner (or his family, tenants, employees, agents, visitors, guests or pets), the Association will perform the necessary maintenance at the sole expense of the Unit Owner.

*In the event that in the Association's judgment, an exterior item listed in this column is in need of repair, maintenance or replacement, and a Unit Owner fails to complete such repair, maintenance or replacement within a reasonable period of time after receiving notice from the Association that such work must be done, the Association may cause the work to be done and shall bill the cost of such repair, maintenance or replacement to the Unit Owner who failed to complete the work. The costs incurred by the Association for the

remediation of the Unit Owner's work shall be billed to the Unit Owner and collected as a special assessment in accordance with the provisions of the Declaration of Condominium.

****JOINT** represents those maintenance, repair or replacement items which are assigned to the Association to have the work done, but the costs attributable to such maintenance, repair or replacement will then be billed to the benefitted Unit Owner by the Association. If a Unit Owner desires to do the work himself or desires to contract with a reputable contractor to complete any item set forth in the JOINT column, the Unit Owner may do so at his sole expense, provided that he gets the Association's prior written approval of his plans and specifications. In the event that the work is not approved by the Association prior to commencement or if, in the Association's judgment, the work is inconsistent with community standards, the Association may cause the work to be corrected to acceptable standards at the Unit Owner's expense. The costs incurred by the Association for the remediation of the Unit Owner's work shall be billed to the Unit Owner and collected as a special assessment in accordance with the provisions of the Declaration of Condominium.
